

## **Sunset Grill Commitment to Cage-Free Eggs**

Oakville, ON - July 27, 2016

Sunset Grill Restaurants is proud to announce our commitment to sourcing and serving 100% cage-free eggs in all of our Canadian restaurants by 2025.

Sunset Grill Restaurants will actively challenge our suppliers to meet the goal of supplying our 2025 demand by using selective breeding practices, innovation and best management practices to improve the health and welfare of laying hens in order to supply our chain with cage-free eggs.

Sunset Grill Restaurants will take this step towards sourcing ethically within our supply chain while continuing to focus on serving fresh, high quality meals to our customers.
