

March 16, 2020

Dear Patrons,

In light of COVID-19, several major restaurant brands have decided to close their dining rooms.

The city of Toronto has ordered all restaurants to close their dining rooms and it is only a matter of time until other municipalities or levels of government follow suit. This is all a part of broad scale efforts to slow the spread of the virus.

We have no reported cases of COVID-19 in our restaurants. As part of our continued safety measures, we have decided to close our dining rooms and move to take out only.

You will find our full menu on [sunsetgrill.ca](http://sunsetgrill.ca) and you can call ahead to your store of choice to place your order.

We are actively working on delivery services and will go live as soon as possible and we will continue to update our patrons on our website and social media channels as the situation changes.

On behalf of Sunset Grill head office, franchisees and staff, I wish that you and your families stay safe and healthy during these trying times and we thank you for your continued loyalty in our restaurants.

I remain yours truly,

Stelios Lazos  
Chief Operating Officer,  
Sunset Grill Restaurants Ltd.
